

To

IIC, Chandrasakharper, Police Station.

Sir,

I Sonali Mishra daughter of Meera Dash went to BBSR Science Museum along with two of my friends. There a man(I late we knew his name - Manas Niak) followed us and started to ask of social media ID's and addresses. After ignoring him we were followed in the park where he walked close to also we felt touched by him .When we left in Auto Rickshaw we were followed by him in car (No-ODO 2 BR 2331) We stopped in the middle. He also stopped in front of us .We felt threatened and were also scared of his looks and body language. Therefore we called the police-station for protection. Still he denied in front of the officers. Thus we rise a complaint against him.

I will be highly obliged if the authority looks into this matter and takes strict step against him.
